

Coloured stucco paste for wood FOR INDOOR USE

1. Identification of the substance or mixture and of the company/firm.

1.1 Product identifier.

Code: PST.LG
Name: K2 WOOD LINE

1.2 Relevant identified uses of the substance or mixture and unsuitable uses.

Description/usage: Stucco paste for plugging holes and smoothing walls.
Product for industrial or professional uses.

Identified uses:	Industrial	Professional	Consumption
Building	✓	✓	—

1.3 Details of the supplier of the safety data sheet.

Company name: Prima s.r.l.
Address: Via Bramante, 23
Location: 62010 - Appignano (MC)
Country: Italia
Tel.: + 39 0733 57165
Fax: + 39 0733 579618
e-mail address of the competent person: info@stucchiprima.it
Responsible for the Safety Data Sheet:
Person responsible for the placing on the market: Marzocco Davide

1.4 Emergency telephone number.

For information contact: + 39 0733 57165 office hours 8.30 - 18.30

Specialised Poison Centres:

Poison Centre of Milan	02	66101029 (PC of Niguarda Ca' Grande Hospital)
Poison Centre of Florence	055	7947819 (PC of Careggi Hospital)
Poison Centre of Rome	06	3054343 (PC of Gemelli General Hospital)
Poison Centre of Naples	081	7472870 (PC of Cardarelli Hospital)

2. Identification of the hazards.

2.1 Classification of the substance or mixture.

The product is not classified as hazardous pursuant to the provisions of the Regulation (EC) 1272/2008 (CLP) (and subsequent amendments and supplements).

2.1.1 Classification according to Regulation (EC) n° 1272/2008 (CLP)

Classification and hazard phrases: none.

2.2. Label elements.

Hazard pictograms:	none.
Warning:	none.
Hazard phrases (H):	none.
Precautionary phrases (P):	none.

2.3. Other hazards.

No information is available.

3. Composition / information on ingredients.

3.1. Substances.

Non relevant Information.

3.2. Mixtures.

The product contains no substances classified as hazardous to health or the environment pursuant to the provisions of Directives 67/548/EEC and/or of Regulation (EC) 1272/2008 (CLP) (and subsequent amendments and supplements) in such amounts that they must be declared.

4. First aid measures.

4.1. Description of first aid measures.

Not specifically required. It is recommended in any case to comply with the rules of good industrial hygiene.

4.2. Most important symptoms and effects, both acute and delayed.

No known episodes of damage to health ascribable to the product.

4.3. Indication of the need of immediate medical attention and special treatment.

No information is available.

5. Fire-fighting measures.

5.1. Extinguishants.

Suitable extinguishants. The extinguishants are the conventional ones: carbon dioxide, foam, powder and nebulized water.

Unsuitable extinguishants. None in particular.

5.2. Special hazards arising from the substance or mixture.

Hazards due to exposure in the event of fire. Do not breathe combustion products (carbon oxide, toxic pyrolysis products, etc.).

5.3. Advice for firefighters.

General information: cool by spraying with water the containers to prevent product decomposition and the development of substances potentially hazardous for health. Always wear full fire prevention equipment. Collect extinguishing water that must not be discharged into drains. Dispose of contaminated water used for extinction and of the remains of the fire according to applicable regulations.

Equipment: normal clothing to fight the fire, like a compressed air breathing apparatus with open circuit (EN 137), flame retardant outfit (EN469), flame-resistant gloves (EN 659) and boots for the Fire Department (HO A29 or A30).

6. Measures in case of accidental release.

6.1. Personal precautions, protective equipment and emergency procedures.

If fumes or powders are released into the air, use a respiratory protection. These instructions are valid for both operators and emergency interventions.

6.2. Environmental precautions.

Prevent product from entering drains, surface water, ground water and confined areas.

6.3. Methods and material for containment and cleaning up.

Confine using earth or inert material. Collect as much material as possible and eliminate the rest using jets of water. Disposal of contaminated material must be done in accordance with the provisions of section 13.

6.4. Reference to other sections.

Any information on personal protection and disposal is given in sections 8 and 13.

7. Handling and storage.

7.1. Precautions for safe handling.

Handle the product after carefully reading all the other sections of this safety data sheet. Avoid dispersal of the product into the environment. Do not eat, drink or smoke during use.

7.2. Conditions for safe storage, including any incompatibilities.

Keep the product in clearly labelled containers. Keep containers away from incompatible materials, as indicated by section 10.

7.3. Specific end uses.

No information is available.

8. Exposure/personal protection checks.

8.1. Control parameters.

No information is available.

8.2. Exposure controls.

Observe the typical safety measures used in handling chemical substances.

HAND PROTECTION

Not required.

SKIN PROTECTION

Not required.

EYE PROTECTION

Not required.

RESPIRATORY PROTECTION

Not required unless otherwise provided for in the chemical risk assessment.

ENVIRONMENTAL EXPOSURE CONTROLSE

Missions by production processes, including the ones by ventilation equipment, should be controlled to ensure compliance with environmental protection regulations.

9. Physical and chemical properties.

9.1. Information on basic physical and chemical properties.

Physical state:	paste
Colour:	white
Odour:	characteristic
Odour threshold:	not available
pH:	7,50-8,50
Melting or freezing point:	not available
Boiling point:	>100° C
Distillation range:	not available
Flash point:	not applicable
Evaporation rate:	not available
Flammability of solids and gases:	not flammable
Lower limit of flammability:	not applicable
Upper limit of flammability:	not applicable
Lower explosive limit:	not applicable
Upper explosive limit:	not applicable
Vapour pressure:	not available
Vapour density:	not applicable
Specific weight:	1,650 - 1,750
Solubility:	dispersible
Partition coefficient (n-octanol/water):	not applicable
Auto-ignition temperature:	not applicable
Decomposition temperature:	not available
Viscosity:	not available
Explosive properties:	not explosive
Oxidising properties:	non-oxidizing

9.2. Other information.

Dry residue:	75,00%
VOC (Directive 1999/13/CE):	0
VOC (volatile carbon):	0

10. Stability and reactivity.

10.1. Reactivity.

There are no particular risks of reaction with other substances in normal conditions of use.

10.2. Chemical stability.

The product is stable in normal conditions of use and storage.

10.3. Possibility of hazardous reactions.

In normal conditions of use and storage no hazardous reactions are foreseeable.

10.4. Conditions to avoid.

None in particular. However, apply the usual precautions against chemicals.

10.5. Incompatible materials.

No information is available.

10.6. Hazardous decomposition products.

No information is available.

11. Toxicological information.

No known episodes of damage to health due to exposure to the product.
In any case, we recommend to operate in accordance with the rules of good industrial hygiene.

11.1. Information on toxicological effects.

No information is available.

12. Ecological information.

Use according to good working practices, avoiding disposal in the environment. Inform the competent authorities, should the product reach waterways or sewers or contaminate soil or vegetation.

12.1. Toxicity.

No information is available.

12.2. Persistence and degradability.

No information is available.

12.3. Bioaccumulative potential.

No information is available.

12.4. Mobility in soil.

No information is available.

12.5. Results of PBT and vPvB assessment.

Based on the available data, the product contains no PBT and vPvB substances in proportion greater than 0.1%.

12.6. Other adverse effects.

No information is available.

13. Disposal considerations.

13.1. Waste treatment methods.

Reuse, when possible. The product residues should be considered as special non-hazardous waste. Disposal must be performed through an authorized waste management company, in compliance with national and local regulations. Solid residues may be suitable for disposal in an authorized landfill. Never disperse the product into the ground, sewers or rivers.

CONTAMINATED PACKAGING

Contaminated packaging must be recovered or disposed of in compliance with national waste management regulations.

14. Transport information.

The product is not classified as dangerous under current provisions of the Carriage of Dangerous Goods by Road (ADR) and by Rail (RID), by sea (IMDG Code) and by air (IATA).

15. Regulatory information.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture.

Seveso category:	none.
Restrictions relating to the product or contained substances pursuant to Annex XVII to Regulation (EC) 1907/2006:	none.
Substances in Candidate List (Art. 59 REACH):	none.
Substances subject to authorization (Annex XIV REACH):	none.
Substances subject to export notification Reg. (EC) 649/2012:	none.
Substances under the Rotterdam Convention:	none.
Substances under the Stockholm Convention:	none.
Health inspections:	no information is available.
152/2006 Decree, as amended.	
Emissions:	
WATER	23,28%

15.2. Chemical safety assessment.

No chemical safety assessment for the mixture and the substances it contains has been performed.

16. Further information.

Legend:

- **ADR:** European agreement concerning the transport of dangerous goods by road.
- **CAS NUMBER:** Number of the Chemical Abstract Service.
- **CE50:** Concentration that generates effect on 50% of the population subject to testing.
- **CE NUMBER:** ID number in ESIS (European archive of existing substances).
- **CLP:** Regulation EC 1272/2008.
- **DNEL:** Derived no effect level.
- **EmS:** Emergency Schedule.
- **GHS:** Globally Harmonised System for the Classification and Labelling of Chemicals.
- **IATA DGR:** Regulations for the Safe Transport of Dangerous Goods by the International Air Transport Association.
- **IC50:** Concentration of immobilization of 50% of the population subject to testing.
- **IMDG:** International Maritime Dangerous Goods Code.
- **IMO:** International Maritime Organization.
- **INDEX NUMBER:** ID number in the Annex VI of the CLP.
- **LC50:** Lethal Concentration 50%.
- **LD50:** Lethal dose 50%.
- **OEL:** Occupational Exposure Level.
- **PBT:** Persistent, bioaccumulative and toxic in accordance with REACH.
- **PEC:** Predictable Environmental Concentration.
- **PEL:** Predictable exposure level.
- **PNEC:** Predictable no-effect concentration.

- **REACH:** Regulation EC 1907/2006.
- **RID:** Regulations concerning the international carriage of dangerous goods by rail.
- **TLV:** Threshold Limit Value.
- **TLV CEILING:** Concentration that should not be exceeded during any time of occupational exposure.
- **TWA STEL:** Short Term Exposure limit.
- **TWA:** Weighted average exposure limit.
- **VOC:** Volatile Organic Compound.
- **vPvB:** Very persistent and very bioaccumulative in accordance with Reach.
- **WGK:** The German Water hazard classes.
